

Council: CTE Pathways

ECEA CTE Pathways Council Notes

Meeting Date **10/16/15**

Members Present:

CTE Pathways Team Co-Chairs:

Kate Alder, CTE Dean, Cuyamaca College and Teri Sprecco, Asst. Director CTE, GUHSD

Kim Bellaart, CTE Curriculum Specialist in for part of the meeting on PD

Workforce Engagement Co-Chairs:

Javier Ayala, CTE Dean, Grossmont College and Jeff Wood, Work-based Learning Specialist
GUHSD

Members Absent:

Adult Education Co-Chairs:

Gary Schwartzwald, Director, CTE GUHSD and AEBG Consortium

Debbie Yaddow, Dean of Allied Health and Nursing, **Grossmont** College

Current Council/Team Goal(s): For this meeting

Goal 1: To develop new and enhance existing CTE Pathways Programs of Study at the high school and GCCCD levels that meet program criteria and regional labor market needs.

Goal 2: To develop a clear and meaningful articulation plan for the CTE Pathways Programs at the GUHSD high schools and Grossmont and Cuyamaca Colleges.

Discussion Items and Results

Debrief of ECEA Summit:

Need to confirm team members for each team at HS and CC levels. New and different members were at the ECEA Summit. That made it hard to continue working on plan. We had to take a lot of time to bring everyone up to speed on where we were. It would be helpful to have more information about purpose of the meeting ahead of time (promotion, education, working team time) so time is used well.

The CTE Pathways Council to set new meeting with all co-chairs together to finalize working team members - each set of co-chairs to come with recommendation of Team Members to next Council meeting.

Programs of Study Updates:

New Roles and staff at HS and CC levels:

Grossmont College- job developer Leslie Blanchard, goal to energize career services and internships (increase internships by 20 students each CC campus) Cuyamaca College - job developer and internship coordinator (short term).

Jeff Wood WBL GUHSD – goal is to provide more WBL to students and teachers - building capacity at GUHSD and then at regional level

Kate and Javier working on WBL process for CC levels (occupational - tied to POS and instruction, and general WE) building capacity at GCCCD and then at regional level

CTE Certification list being developed by Mollie Ash, CTE enhancement Fund, aligned with existing programs at POS HS and CC level, James Sly with United Way to focus on Manufacturers certifications (James to share with Mollie Ash). What are next steps for sharing this information?

Software Burning Glass, real time LMI - Javier has subscription

Kim Bellaart updated the group on the CTE HS PD for Programs of Study to get input on opportunities for HS/CC teacher collaboration

Articulation: ECEA has academic “articulation” concept based on aligning curriculum.

CTE Articulation based on POS, outcomes and competencies and articulated credit.

SB 1070 group working on regional articulation vision document

Models exist for college level end of course exams to be given at HS level.

There are opportunities for academic courses to be articulated as well per area.

Need to look at 4 year colleges acceptance of courses articulated HS-CC

Our CTE Team will focus on CTE articulation

HS needs guidance in writing on Articulation process and impact on CC transcript, financial aid time clock on credits earned, etc. Javier and Kate to seek existing documentation and build on that to develop FAQ to market benefits

Obstacles/challenges the Council/Team would like help with:

Coordination of articulation, dual enrollment efforts with other ECEA Council Teams

Action Items for Participants:

<u>Who</u>	<u>Does What</u>	<u>By When</u>
CTE Pathway Co-Chairs	Set next meeting to confirm working team members.	By end of November
CC CTE Deans	To start researching information for Articulation FAQs	To coordinate with regional work on articulation
CTE HS Admin Team and CTE Curriculum Specialist	To finalize Program of Study PD (3 days) in November/December to include time for HS/CC teachers to collaborate.	By end of October

Date/time/place of next meeting:

HS CTE office to send out meeting request email to set meeting date and time.
