

ECEA Agenda 5/9

Items for follow up

1. Meeting Dates 2017-2018 :

- ECEA Math Committee Meeting May 9, 2018 3:30 - 5:00

2. **Goal:** Enlist 2 members per school to belong to the ECEA Math Committee. This will ensure that every school is represented at each meeting.

3. **Dual Enrollment Update:** Progress on this? Any thoughts on course offerings?

- a. Still no M.O.U.

4. Multiple Measures Update From Colleges:

- Poster is outdated and needs to be replaced. The new poster ultimately works in the students favor. Poster Goal - Next Fall?
- When Grossmont visits the high school the students will receive the Accuplacer exam. When Cuyamaca visits, students will not need to take the Accuplacer exam. If students register directly through either college, they must take the Accuplacer exam.

New Items

Pre-Calculus Summer Offerings at Grossmont and Cuyamaca Colleges:

- Department Chairs provide GCCCD Student Numbers ASAP.
- 103 Interested students:
 - ECVHS: 46
 - ECHS: 14
 - GHHS: 1
 - GHS: 1
 - MVHS: 18
 - MMHS: 17
 - SHS: 2
 - WHHS: 4
- Cost
 - The student fees are approximately \$21-30.
 - Book Fees are waived.
 - Tuition fees are waived for high school students.
 - Still working on a transportation plan.
- How many units
 - This is a 6 unit college class.

- Locations.
 - El Cajon Valley High School will host a Grossmont College course offering:
M-F 6/11 - 6/29 from 12:15 - 3:25
M-F 7/2 - 7/20 from 12:30 - 3:40
 - Monte Vista High School will host a Cuyamaca College course offering:
M-F 6/11 - 7/20 from 12:40 - 4:00
 - A third course offering is being discussed for the remaining schools at El Capitan High School. Details will be provided soon.
- CR/NCR
 - After speaking with the head counselor at WHHS, it sounds like CR/NCR is not an option for our students.
 - After speaking with the head counselor at WHHS, it was conveyed that the summer pre-calculus course can not replace the high school level grade. Since they are different course numbers BOTH grades would appear on the transcript.

Goals for next year:

1. Work on a visiting schedule for both GUHSD and GCCCD to facilitate classroom observations.
2. Make a ECEA Math website and link it to the District Math Website (that is going to exist in the future).
3. College classes offered at the High School for graduated seniors to get ahead in math.
